

Assisting Service Members, Veterans & Families

Our First Six Months

In Home Front Military Network's first six months, we've successfully re-branded, published our new website, but most importantly--we have been able to provide more comprehensive and streamlined assistance to service members, veterans, and families and assisted them with COVID-19 related challenges.

MSEP Job Search Navigator

The MSEP Job Search Navigator (JSN) service launched on May 1 as an innovative way to assist military spouses in finding positions with our MSEP employers. After a spouse has worked with a SECO Career Coach and is deemed "job ready," the JSN will assist the spouse in their job search by identifying prospective job opportunities with MSEP employers that align with the spouse's education, experience and career goals. This is provided to the spouses within 3 to 5 business days.

Please encourage any spouses interested in utilizing this service to review the JSN flier and contact the SECO Career Center at 1-800-342-9647 from 7 a.m. to 10 p.m. ET Monday through Friday or from 10 a.m. to 5 p.m. ET on Saturday.
