HFMN 2025 THIRD QUARTER NEWSLETTER

A WORD FROM OUR LEADERSHIP

As we reflect through the end of September, we are filled with gratitude for the tremendous impact our community has made together. Since the beginning of 2025, **4,600 service members, veterans, and their families** have received direct assistance from HFMN. We have provided approximately **\$155,000 in emergency financial assistance** to help stabilize **100 veteran households**, offering critical support when it was needed most.

Equally meaningful, **95% of our clients report feeling lower levels of stress and anxiety** after receiving assistance from HFMN -- proof that your support not only meets practical needs but also restores hope and peace of mind to those who have served our nation.

As we approach our **Season of Giving**, we invite you to help us extend this impact even further. The season begins with the **Give Pikes Peak campaign**, launching **November 1st and running through the end of the year**. Your generosity during this time fuels our ability to meet the growing needs of our military community -- ensuring that no service member, veteran, or family faces hardship alone.

Together, we can make this **Season of Giving** one of our most impactful yet. Thank you for standing with HFMN and for continuing to honor those who serve by strengthening the community that supports them.

Sincerely,
Keeley Samson

THE LIVES WE'VE CHANGED

"Wonderful network for helping military, vets and their families. In time of need, they worked fast to assist with whatever they could. Marsha and the staff are amazing, very helpful and understanding. They can help with numerous things for any veteran who is struggling. Thank you so much for your assistance!"

David, Navy Veteran

"This program didn't just offer me financial aid...it gave me a sense of belonging and understanding when I needed it the most. Being seen and heard by them has significantly improved my well-being. [I] felt like I was treated as family. I have no blood family to stand in and help and this meant the world to me."

J. Young, Navy Veteran
